

EZ-401K

Exports Your Benefit Information from Abra with Ease!

Keeping track of employee benefit information is an integral part of the payroll process. Compiling all your benefit data by hand to send to your provider can take up valuable time. EZ-401K is the answer. EZ-401K allows you to export your 401K and savings plan information directly from Abra to your benefit provider.

EZ-401K saves your time by:

- ◆ Automatically creating an output file according to your provider's specifications
- ◆ Pulling all the benefit information directly from Abra for a specified date range
- ◆ Producing reports that summarize all your current and year to date benefit information
- ◆ Simplifying 401K testing with your 3rd party provider

Your time is valuable. Why waste it recreating files from information that is already there? Say goodbye to manual file preparation and let EZ-401K do the hard work for you. EZ-401K gives you the freedom and speed you need to efficiently process your payroll.

How can I send my benefit information directly from Abra to my provider?

EZ-401K gives you the answer by:

- ◆ Automatically creating a 401K output file according to your provider's specifications
- ◆ Eliminating the need for separate spreadsheet preparation
- ◆ Producing comprehensive reports to show all current and year to date benefit information
- ◆ Integrating completely into Abra Payroll
